

# RHEEM PLANT STARTS PRODUCTION SOON

## 'ROUND 'N' 'ROUND

California will soon start harvesting its tourist crop. Indications are that a bumper yield will add to the coffers of the business men of this state during the current season.

Inventors get busy. From the agricultural belt of the state we hear a plea for someone to invent an inexpensive belt to slip over the hogs of a tractor when it is traveling on a highway. Ranchers in the agricultural district point out that the crossing of the highways by the tractors is absolutely necessary. It is just as essential, however, that some means be found to protect the highways.

An add to our collection for the boys who wish to know all about women. Dr. Walter V. Jones, state geologist, of Birmingham, Ala., insists that women have changed very little in the last 10,000 years.

My! Oh, My! An editorial writer of a San Francisco paper has a full column outburst over the "scandalous open buying" of Federal officials. Those responsible for this fact being brought to light should be schooled in the gentle art so prevalent in this day and age of being able to obtain those offices without open buying. Write your own ticket, after reading about recent activities in Oakland.

Wouldn't our old friend Samuel Pepys have been delighted to have lived in this day and age?

One can imagine that lusty old windbag setting down in his diary every little detail of scandal in official life. And how he would have treated the Oakland question!

Then, perhaps, two hundred years from now our great-grand great-grand children would open one of his thick books and read about just what happened in the year 1930.

At the present rate the world is progressing (?) one can well imagine that in the year 2130 some of our ordinary commonplace expressions will be considered quite vulgar, the same as we consider some of Pepys' expressions indelicate to say the least.

But, in Pepys' days, such expressions that he used in his diary were quite the thing and quite innocent. Today one regards them as being quite something or other.

## Seattle Man To Head Lumbermen

DEL MONTE, Mar. 22.—(U.P.)—Roger Sands of Seattle was elected president of the Pacific Coast Hardware Dealers' association just before the close of their convention today.

C. H. White of San Francisco, was elected vice-president; Norman Savers, Vancouver, B. C., secretary-treasurer. Directors elected: J. Fye Smith, Vancouver; E. E. Hall, Portland; George H. Brown, Oakland; C. R. Raenzer, Los Angeles; W. T. White, San Francisco; Jerry Sullivan, Jr., San Diego.

The 1931 convention will be held at Victoria, B. C., in April or May.

## German Shippers In Big Merger

BERLIN, March 22.—(U.P.)—A definite agreement, regarded as the first step in aligning German shipping interests in the largest organization of its kind ever known, has been reached by the North German Lloyd and Hamburg American lines, it was disclosed today.

The agreement provides for an interlocking board of directors and a pooling of profits, and will run for 50 years.

## Hotel Clerk Gives Divorce Reason

LOS ANGELES, Mar. 22.—(U.P.)—When Mrs. Jeanette R. Baynam and her husband walked into a Lake Arrowhead hotel, the desk clerk looked up with a smile and said: "Sign here, Mr. Brown."

Right then, Mrs. Baynam told Superior Judge J. A. Smith today when she secured a divorce, the family battle started. She learned, she said, that her husband, Charles Baynam, had registered at the hotel on numerous occasions under the name of "Brown" with another woman.

## FACTORY TO EMPLOY 200

Major operations at the Rheem Manufacturing plant in Richmond will be started in a week or ten days, it was announced yesterday morning.

The Rheem company has recently acquired the Republic Steel Package plant in Richmond, which has been remodeled into a modern one-story factory, occupying 26,000 square feet of floor space.

At the Richmond division, which will be known as the Rheem Manufacturing plant No. 2, service station equipment will be manufactured, including steel drums, metal containers, storage tanks, rectangular tanks, under ground tanks, cabinets, and all other station equipment.

Department Moved  
The ring boiler department, that has been operating in a small manner the past few months, will be moved to the Emeryville plant of the Rheem company, and the service station manufacturing equipment at the Emeryville plant will be moved to the Richmond division.

Moving will be started the first of the week, and is expected to be completed in a week or ten days.

According to the announcement, approximately 200 men will be employed at the local factory. Officials of the Emeryville head plant will be in charge, headed by D. W. Curtis, superintendent.

To Expand  
All expansion in the future will be at the local plant, it was announced, as the Emeryville factory has been operated to capacity, and there is no more room in that city for expansion.

With the exception of the newest portion in the rear, the buildings formerly occupied by the Republic Steel Package plant, have been torn down and a modern factory structure of steel with concrete and brick walls has been erected.

The new structure is of the one-story factory type with full skylight roof to permit daylight operations.

The Rheem Manufacturing company is headed by R. S. Rheem and D. L. Rheem, although a block of stock is owned by the Service Station Equipment company, according to the announcement.

Controls Company  
The Service Station company had acquired control of the Republic Steel Package plant before the latter company passed into the hands of the Rheem company.

The Rheem corporation, by this merger, has acquired control of the western territory of the John Wood Manufacturing company, a subsidiary of the Service Station Equipment company, which manufactured water heaters, range boilers and similar equipment.

The Rheem corporation will now take over the manufacture of range boilers, heaters, etc., on the Pacific Coast, it was announced.

The Emeryville plant will continue operations and will remain the headquarters of the company.

## Indictments Seen In Julian Case

LOS ANGELES, March 22.—(U.P.)—Tired members of District Attorney Buron Fitts staff labored late here tonight sifting new sensations in the complicated three-year-old Julian Petrovum corporation case.

Fitts ordered his deputies to give up their usual week-end holidays when he came upon information which he believes may lead to important indictments against persons who assertedly took part in causing the crash of the \$100,000,000 oil corporation.

The prosecutor was especially interested in income tax returns made by Jacob Berman, Julian transfer agent. The tax documents it was thought, might point to the manner in which some \$1,000,000 of stockholder's money disappeared.

## One Killed, 3 Hurt In Blast

CINCINNATI, March 22.—(U.P.)—Amor T. Smith, 38, city blasting inspector, was killed instantly and three men and a woman injured, two seriously, when 600 pounds of dynamite exploded in Mill Creek valley here late today.

The three men injured were working on a road bed for track leading into the new Union station now under construction.

The woman was standing 200 feet away watching the workmen preparing the charge of dynamite, when the blast occurred.

## But comes if now

Und comes it now, none other than Prof. Herman Schnitzel, sometimes of the radio and sometimes of the stage.

Professor Schnitzel will appear before the Richmond Lions club here Tuesday noon at the Hotel Carquinez.

The professor is perhaps better known in some sections of the United States than Calvin Coolidge, George Washington or the Julian Oil company.

The professor has his troubles, and many of them. Perhaps he will tell members of the local club all about them, in a dialect that is screamingly funny.

Having the knack of speaking English in German and Japanese, the professor uses his manner of twisting phrases and words to "bring down the house."

He will probably describe his football game to the members of the local club. This is one of his "masterpieces" and never fails to draw a big laugh.

The professor, and his son Ralph are National Broadcasting stars.

Mrs. C. B. Overman will be another featured artist on the program. She will play a number of acrobatic solos and will give dramatic readings. Mrs. Overman has appeared over the radio a number of times.

Guy E. Milnes will be chairman of the day. He has arranged for the professor to make his Richmond appearance.

## NEW HOME TO BE BUILT

Building Since Jan. 1  
Total Permits \$115,150  
New Homes 21.

One new home and \$3300 in construction was added to Richmond's growing list yesterday by two building permits issued in the office of A. J. Hurley, city building inspector.

David Dryden is to build a new cottage and garage on the south side of Roosevelt avenue between Key boulevard and Dimm avenue. The work will cost \$4500.

E. H. Kueffer was given a permit to remodel the front of a building on the south side of Macdonald avenue between Thirteenth and Fourteenth streets at a cost of \$700. A new front will be installed and a concrete floor laid.

## No Opposition In Council Race At County Seat

MARTINEZ, March 22.—Although Tuesday is the final day for filing of nomination papers for the three council posts to be filled at the municipal election here April 14, not a single set of papers had been taken today from the office of City Clerk, Raymond B. Johnson.

The three incumbent members, Mayor Raymond Clays, Earl Severson and George Winkelman, although withholding any definite announcement, are known to be certain starters.

## Famous Physician Called By Death

PITTSBURGH, Pa., Mar. 22.—(U.P.)—Dr. Aime Detève, founder of the Pasteur institute in America, died in Mercy hospital late today from cancer of the throat, a victim of one of the diseases for which he had sought cure for humanity.

Dr. Detève came from France to New York City in 1889 with Dr. Paul Gliber, and opened the first Pasteur institute.

Ten years later he came to Pittsburgh and opened the first laboratory in the city in Mercy hospital.

## ELLIS SLOUGH DREDGING PROJECT TO START SOON

Early work on the dredging of the Ellis slough was seen yesterday as the result of announcements made by E. A. Hoffman, engineer for the project.

Hoffman stated that bids for the work will be opened within three or four weeks. The work will be done by property owners.

The project will take a year or more to complete and will open the entire west side of the inner harbor to industrial development.

All of the property owners, with the exception of the Proctor and Gamble co., which owns a trip of property with a 300 foot facing on the slough, have reached an agreement to go ahead with the work.

## Two Cruisers To Be Dismantled

MARTINEZ, March 22.—Two old cruisers, the New Orleans and the Salem will be towed to Bay Point this week where they will be dismantled for junk.

## E. L. DOHENY FOUND NOT GUILTY

WASHINGTON, Mar. 22.—(U.P.)—The last of the oil trials ended today when Edward L. Doheny was found blameless of intent to corrupt a cabinet officer.

The aged prospector and oil man was cleared after having been under a cloud since the Senate Teapot Dome investigation six years ago.

Only one ballot was necessary for the jury of three women and nine men to agree that Doheny, multi-millionaire, was innocent of fraudulent motives when he gave \$100,000 in 1921 to Albert B. Fall, then the secretary of the interior, entrusted with handling naval oil reserve leases.

Fall was convicted of accepting a bribe on similar evidence a few months ago.

The story of the oil deals has been told and retold scores of times since the revelation that Fall was spending vast sums of money in New Mexico. The story was told again in this trial, the speediest of them all.

In nine days of testimony and argument, the jury heard details, spiced with sentimental appeal.

Verdict Cheered  
A warning against demonstrations went unheeded when the verdict was announced.

Hand-clapping and shouts resounded in the crowded room. Mrs. Doheny, wife of the acquitted man, raised her hands in a gesture of joy and then wept.

Doheny lost his tired and weary look. He smiled. Soon he was the center of a crowd of friends who shook his hand and shouted congratulations.

Arm in arm, Mr. and Mrs. Doheny went to each juror.

Statement Given  
"Thank you and God bless you," they said.

Doheny gave out a statement to the press.

"Twice now American juries have found me guiltless of charges made against me. Three years ago a jury said I was not guilty of conspiring to defraud my government. Today a jury said I did not intend to bribe my friend, Albert B. Fall. My earnest hope now is that this ends the relentless prosecution by which I have been hounded for six years and that I will be free for the future."

(Continued on Page 8)

## TOT BORN IN SPEEDING CAR

CONCORD, Mar. 22.—A close race between the stork and an automobile was won handsily by the stork today when a baby was born to Mrs. Silva Arata of Antioch while enroute to an Oakland hospital.

Her husband, who was driving when the new arrival put in her appearance, immediately took Mrs. Arata to the Concord hospital, where it is said both mother and daughter are doing nicely.

## Western Pacific To Widen Roadbed

ANTIOCH, March 22.—Contract for the widening of the roadbed of the Sacramento Northern Electric line from Walnut Creek to Sacramento, has been awarded.

W. A. Bechtel and Sons have the contract for ballasting raising and re-ballasting the road.

## Pittsburg Police Chief Dies, Revived

PITTSBURGH, Mar. 22.—(U.P.)—Chief of Police Charles Scudero, who died late this afternoon is alive to tell the tale!

Believe it or not, but that is the truth as confirmed by two doctors.

Scudero was taken to the hospital early yesterday with a heart attack. Dr. T. Peters and Dr. D. C. Wise were called to the scene.

Shortly after three o'clock this afternoon Scudero sank into a coma, and both doctors, after making the usual test, announced that life was extinct.

Five minutes later, however, a nurse discovered that the supposedly dead man was breathing, although irregularly.

The doctors hastened back to the bedside and were forced to admit that their pronouncement of death had been a trifle hasty.

# SEAWRIGHT DIES FROM CRASH INJURIES

## ACCUSATION SERVED ON PARKER

OAKLAND, Mar. 22.—Containing seven counts of "wilful and corrupt misconduct in office," an accusation was today served on William H. Parker, Oakland commissioner, who is already under indictment by the grand jury on charges of "bribery" and "conspiracy."

Parker disappeared after the grand jury voted the accusation yesterday, and could not be located until today, when he notified the district attorney's office that he would accept service. He has until April 3 to answer to the charges.

Some of the counts in the accusation allege that Parker played directly into the hands of the paving ring by ordering street specifications prepared in such a manner as to prevent "free and open" competition; that he entered into an agreement with patent paving firms whereby he was to receive a half cent "split" on all such paving laid in Oakland; and that after learning that Frank M. Phillips accepted pay from a patent paving firm, he knowingly kept the former city paving inspector on the job.

If Parker pleads guilty to any one of the charges, he will be automatically removed from office. If he pleads not guilty he will be forced to stand trial, and if found guilty, will be dismissed from office.

While Parker was being served with the accusation, three paving men, charged with bribery and conspiracy to bribe, were facing Superior Judge Homer R. Spence. They were Harry Lesser, secretary and treasurer of the California Construction company, and two employees, A. A. Horwege and James Austin.

In a demurrer to the indictments brought against the paving men, their attorneys alleged that the man to whom they are alleged to have paid money (city paving inspector Frank M. Phillips) was not a public official within the meaning of the law. The demurrer states he was hired by the job.

The arguments were so voluminous that the case was put over until Tuesday.

## Downhearted?

MRS. MORRIS GROSS, of Omaha, with her pet dog, Captain. Captain injured his leg. X-rays showed that it must be amputated. A wooden leg is now being made for the dog.

## G. N. KEYSTON RESIGNS FROM S. F. EXCHANGE

SAN FRANCISCO, March 22.—(U.P.)—As George N. Keyston and eight other defendants were arraigned in federal court charged with conspiracy to embezzle \$529,000 from the Bank of Italy, the board of governors of the stock exchange announced today that Keyston's resignation had been accepted.

In resigning, Keyston explained that he expected the defense to take up so much time that he considered it unwise for the exchange to be so long without a full executive staff.

In accepting, the board again voted their confidence in Keyston. A meeting of the board was called for Wednesday, at which time it was thought the matter of his successor would be considered.

Those arraigned: Keyston; Douglas C. Alexander and Ray S. Rossiter, members of the firm of Leib-Keyston and company, brokers; Claude Galmarrino, Elmer Griffin and Charles H. Clay, employees; Joseph C. Bray, former manager of the bank; R. G. Hodson, assistant manager, and Daniel P. Burke, teller.

Keyston and his associates are involved in the embezzlement charges because, assertedly, they knew of the stock manipulations of the three bank employees.

All asked Federal Judge Frank H. Kerrigan that pleas be postponed for one week. It was granted.

While Assistant United States Attorney Albert C. Wollenberg said that the government was ready and anxious to proceed with the trial at once, Theodore Roche, attorney for the Keyston group, said that demurrers would probably be filed by Thursday.

## Pittsburg Police Chief Dies, Revived

PITTSBURGH, Mar. 22.—(U.P.)—Chief of Police Charles Scudero, who died late this afternoon is alive to tell the tale!

Believe it or not, but that is the truth as confirmed by two doctors.

Scudero was taken to the hospital early yesterday with a heart attack. Dr. T. Peters and Dr. D. C. Wise were called to the scene.

Shortly after three o'clock this afternoon Scudero sank into a coma, and both doctors, after making the usual test, announced that life was extinct.

Five minutes later, however, a nurse discovered that the supposedly dead man was breathing, although irregularly.

The doctors hastened back to the bedside and were forced to admit that their pronouncement of death had been a trifle hasty.

Neither of the doctors was able to account for the resumption of the heart's functioning, and are absolutely confident that the man was dead when they made their announcement.

Dr. Peters said tonight that a complete recovery could be hoped for.

## DRIVER OF DEATH CAR HELD

William Lynn Seawright, 47, known to thousands as "Doc," died at a local hospital early yesterday afternoon as the result of injuries suffered in an automobile accident Friday afternoon.

Mrs. Christina Fritzier, 20, 110 South Forty-second street, whom police reports state was the driver of the car which is alleged to have struck Seawright, is in the city jail in lieu of \$1000 bail. A technical charge of manslaughter is to be filed against her, according to police. A charge of reckless driving was filed against her yesterday morning with Traffic Officer R. S. Middleton as the complaining witness.

Harry J. Smith, of Berkeley, an auto salesman who was riding with Mrs. Fritzier, is free on his own recognizance on a charge of battery.

Operation Performed  
Seawright died at 3:15 yesterday afternoon after an emergency operation had been performed in an effort to save his life.

Seawright had lived in Richmond seven years. For more than five years he had been employed by the Richmond city school department as a director of recreation. For three years he served as city recreational director.

He had been identified with sports in Richmond ever since he arrived here. He organized the city twilight baseball league, was in charge of the Richmond city basketball league, and was in charge of the city athletic club.

(Continued on Page 8)

## GAS WAR IN L.A. SPREADS

LOS ANGELES, Mar. 22.—(U.P.)—Blashing of gasoline prices spread to other communities in this area today, while major companies continued to maintain price structures both on retail and tank wagon sales.

Pomona independents were reported to have cut, following the announcement earlier in the day that Van Fleet and Durkee, operators of more than 100 stations in the metropolitan district, had slashed its retail price to 16½ cents a gallon.

The major companies, including Richfield and Union, stated they would maintain their prices in face of falling sales, but would make no attempt to regulate the prices of stations handling their products.

Forced to meet competition, the dealers throughout the city were cutting, and both Union and Richfield gasoline could be purchased as low as 17½ cents per gallon later today.

## U. P. Cuts Time Of Chicago Trip

PORTLAND, Ore., March 22.—(U.P.)—Assistant Traffic Manager A. S. Edmonds of the Union Pacific railroad, today announced a cut of one hour and fifteen minutes in the Portland Limited's westbound schedule between Chicago and Portland, effective March 30.

"On the new schedule, the Portland Limited will leave Chicago daily at 9:45 p. m. instead of 8:30," Edmonds said, "and will arrive at Portland on the third morning at 9:30 o'clock, the same arrival time as at present in Portland."

Edmonds said that no change will be made in the departure time of the Portland Limited eastbound from Portland. It will leave Portland daily at 6:10 p. m., and will arrive in Chicago on the third morning at 9:25.

## Parole Violator To Serve Term

SAN FRANCISCO, Mar. 22.—(U.P.)—Paroled to visit his dying mother in Portland, a San Francisco man slipped again and as a result will have to spend three years at San Quentin. He is John Lehnars, 28, now serving a sentence in Oregon for fictitious checks written while on parole. He will later be turned over to California authorities.

## Bridge Worker Hurt In Fall

MARTINEZ, March 22.—Thomas Pitts a structural steel worker of the American Bridge company, escaped from a 70 foot fall yesterday with only minor bruises.

Pitts fell from the floor of the Southern Pacific company's bridge here to the waters of the bay, after his body had passed through the falsework about the span without striking any of the timbers.

During the evening dancing was given by the group to music furnished by Mrs. Cobine's orchestra.

A record breaking crowd attended the camp, each of the three nights it was open.

## REVIEW OF THE MARKET SITUATION

Estimates that 300,000 lambs had lost their shirts was a hopeful sign for Cluett Peabody, which took on new life. Cable reports on Ganna Walska's latest concert sent International Harvester down.

The ralls were very active. Thousands of units and sold as diamonds.

# Society NOTES

## HARMONY COURT OF AMARANTH ELECTS OFFICERS

Mrs. Minnie Phillips was last night elected worthy matron of Harmony Court, Order of Amaranth, and Aubrey Wilson was elected worthy patron at the annual election of officers in the Masonic hall.

Other officers elected were: Mitchell Macdonald, associate matron; Ethel Ten Eyck, conductress; Marie Trolle, associate conductress; Clara Soper, secretary; Carrie Stevens, treasurer; and Anna Hunt, trustee.

Installation will be held in the Masonic hall April 26.

Velma Mae Quinn retiring worthy matron and Robert J. White, retiring worthy patron, presided at the meeting last night.

Mrs. Quinn, who was elected assistant grand lecturer at the recent Grand Court in Bakersfield, gave a report on the convention. A banquet was served at the close of the evening by a committee headed by Mabel Mason.

## P. T. A. MEET TO BE HELD HERE MONDAY

Final preparations have been made for the meeting of the Sixteenth District of P. T. A. to be held at the Richmond union high school tomorrow.

The annual reports of council presidents will be made at this session, which will be presided over by Mrs. W. B. Reynolds. Luncheon will be served at noon in the school cafeteria. Mrs. C. R. Blake, Mrs. Thomas Tough, Mrs. T. F. Nee and Mrs. John Bell will be in charge.

In the afternoon the members will hear an address by Miss Mary Davis, representative of the state bureau of child hygiene.

## N. O. W. Food Sale Successful

A successful food sale was held yesterday by the Neighbors of Woodcraft at Schrader's furniture store, Seventh street and Macdonald avenue yesterday morning.

The sale was reported to have been a complete success, with every article of food sold early in the afternoon.

**William Norton  
To Return Today**

William H. Norton, son of Mr. and Mrs. W. W. Norton, 735 Lassen avenue, is expected to return home today from a trip around the world. Norton made the journey with a group of students from the University of California.

## DOROTHY QUINN HONORED AT BIRTHDAY FETE

Miss Dorothy Quinn, celebrated her eighth birthday at a party held in her home, 479 Twelfth street yesterday afternoon.

The decorations of the home were in keeping with the Easter season. Delicious refreshments were served by the hostess.

Among the guests were: Jean Smith, June Hansen, Flora Mae Pearce, Mary Kinnaird, Joan Marie Calkins, Dorothy Quinn, Helen Quinn, Mary Lee Bishop and Alphonse Perry.

A number of prominent speakers will address the annual convention of the Alameda District, California Federation of Women's clubs here April 3 and 4. It was announced yesterday.

Major Sheridan Bickers, PhD, L. D., British sociologist, dramatist and critic will be one of the speakers. "The Individual's Duty to the Nation" will be the subject of his address.

Another speaker will be Dr. K. R. Saunders, president of the Pacific School of Religion who will speak on "The Human Family."

Others who will address the convention will include Mrs. Annie Little Barry, prominent clubwoman; Mrs. W. W. Slayden, state president of the California Federation and Mrs. Anna Saylor, former assemblywoman.

Mrs. S. S. Ripley of Richmond will preside over the meeting. On the opening night of the convention there will be a public banquet at the First Baptist church.

Mrs. Mattie Chandler is general chairman of the convention committee.

## W. S. I. CLUB WILL MEET TOMORROW

An important business meeting will be held by the West Side Improvement club tomorrow afternoon at two o'clock.

Every member of the group has been urged to be in attendance.

## RICHMOND CLUB WILL NAME DELEGATES

Delegates to represent the Richmond club at the convention of clubwomen to be held here April 3 and 4 will be named at a meeting of the club tomorrow afternoon in the clubhouse.

Mrs. Francis Kent will be in charge of the meeting.

**GRACE LUTHERAN  
CHURCH**  
Thirteenth and Barrett.  
Sunday school at 9:45 a. m. E. J. Evans, superintendent.  
Don't forget to send the children (or better to bring them yourself) to our happy Sunday school hour which convenes at 9:45. A very profitable hour is spent in studies from the life of Christ, and in singing the happy songs of the Kingdom.  
Rev. E. O. Hoffmeister of Sacramento, will again be with us at the eleven o'clock service, and will bring us what he considers one of his most powerful sermons. His subject will be "St. Peter, a Character Study," and he asks as a special favor to him that we make a special effort to fill the church to capacity tomorrow. Will you not be one dear member or friend to help fulfill this most reasonable and praiseworthy ambition, especially at this sacred Lenten season, when all hearts should turn toward the House of God.

Under the direction of Rev. H. F. Page, the choir will render the anthem "I Love to Tell the Story." Mrs. C. R. Baldwin, organist.  
And may we again repeat our invitation, which we extend at all times to any who have no special church home or any strangers who may be sojourning in our midst, to come and spend a profitable hour of worship with us, the little church with a big welcome, corner of Thirteenth and Barrett avenue.

These lessons will be continued every Tuesday night.  
Thursday—Service in the Portuguese language.  
Friday 7:4

## CHEVROLET SIX SETS TRADE RECORD

Talk about long trading—here's the champion long distance automobile trade of the world.

Helen Wood, who has been in Samoa for two years, returned to San Francisco last week after arranging to trade the car she owned in Samoa for one owned here by a friend who is on the way to Samoa. The trade was arranged 'sight unseen' and was satisfactory to both parties.

"I had to leave my car in Samoa because it would have cost too much to ship it back to California," Miss Wood stated. "Luckily I happened to know a man who was going out to the island, so I arranged to trade my car that remained in Samoa for the Chevrolet he owned here."

"I have long wanted to own a Chevrolet and am glad that the opportunity came just as it did. I provided transportation for the man going to Samoa, that is after he gets there, and secure economical transportation for myself by getting the Chevrolet in San Francisco."

There are quite a few Chevrolet cars used in Samoa and more are being shipped there every year. The cars stand up well in spite of adverse conditions, and service is provided through factory co-operation, which extends throughout the world.

Connell and Shumate, Twenty-third street and Barrett avenue are local Chevrolet dealers.

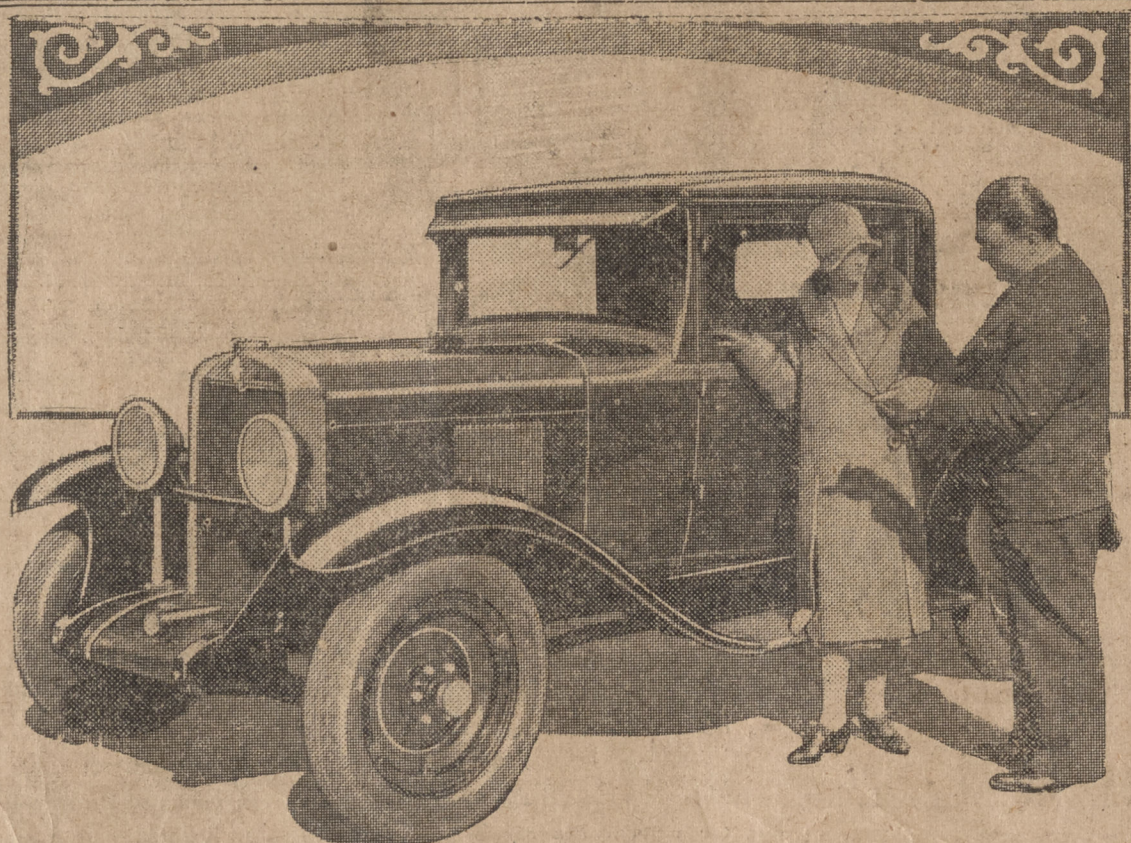

## Suggestion For Wheel Cleaning

The wheels offer the greatest inconvenience in the washing of the car, remarks L. G. Evans, general service manager for the National Automobile club. One way of eliminating some of the nuisance is as follows: Secure a large flat pan and place under the wheel, which has been jacked clear of the ground, after which the wheel is lowered until it just about touches the bottom of the pan. By placing water in the pan the wheel may now be spun through the water to loosen the mud and then washed with a sponge.

## Many Employed On Highways

It is estimated that every \$4000

## Why Walk? Buy A --

CHEVROLET SIX! Right, says Miss Helen Wood, who is seen taking delivery on a new Chevrolet Six coupe, which she traded for a car she left in Samoa. Miss Wood had been in the island for two years and arranged the trade before she left.

## Mexico Plans Road Work

Mexico has many new road projects under way. According to the touring department of the National Automobile club, two major projects will connect its capital—Mexico City—with Vera Cruz on the east and Guadalajara on the northwest. The highway between Nueva Laredo and Monterey is surfaced, and it is expected that within another year work will be finished between Monterey and Mexico City. This is an important section of the Pan-American highway which ultimately will link Canada with Argentina.

Spent in the construction and maintenance of streets and highways is equivalent to the wages and materials used by one worker. On this basis the anticipated construction on street and highway program in 1930 would mean the employment of 625,000. Of this number approximately 100,000 represents highway officials, contractors and engineers, the remainder constituting the highway labor army.

## Highway Warning Signs In Arizona

Metal signs warning motorists they are approaching main state highways are to be erected soon on all important county roads in Arizona, according to the touring department of the National Automobile club. Many serious accidents have occurred at junctions of county and state roads, or at intersections of county roads and main state highways and many have occurred because motorists traveling on county roads had no knowledge that they were approaching a main highway. Some of the signs will bear the word, "Stop" and others will read, "Through Highway." The work of erecting these signs will start at once.

New York state had 2,115,178 motor vehicles, about seven per cent of all the cars in the world, in 1928, according to the California State Automobile association. There were 1,836,968 operators and 757,118 chauffeurs licensed. Owners of automobiles paid \$34,884,546.50 in fees to the state during the year.

## State Roads In Good Condition For Time Of Year

Travel conditions on roads and highways in California will be found generally good for this time of the year, reports the Touring Bureau of the California State Automobile association, except for some dust on dirt roads. State highway commission crews have done the usual seasonal work of putting California motor routes in shape for winter travel as far as it has been possible to do so.

The Division of Highways of the State Department of Public Works reports that lack of rain has handicapped the crews engaged in this work, but dusty-laying oil placed during the summer has counteracted in part the lack of rain.

On sections where slopes are unstable, heavy slides have been anticipated. Some 70,000 cubic yards of such material has been removed along the Redwood highway.

Equipment has been assembled and arrangements made for snow removal on sections of mountain roads. In general the policy of the division toward snow removal can be stated as follows: Roads will be kept open as late in the winter and opened as early in the spring as it is practical to do with the equipment available, but no guarantee will be given that the roads will be kept open throughout the whole winter.

## Sweetheart Of Gunwoman To Stand Trial

NEW CASTLE, Pa., Mar. 22.—(U.P.)—Facing the same fate that awaits Irene Schroeder, his sweetheart, Walter Glenn Dague, ex-convict, singer, salesman and bandit will go on trial here Monday on a charge of murder in connection with the killing of Corporal Brady Paul, highway patrolman. Although the commonwealth charged that Mrs. Schroeder fired the fatal shot at Paul, the prosecution will claim that Dague is equally guilty under the Pennsylvania law, which declares that any person connected with a felony that results in a death is as guilty as the person who actually did the killing.

Dague and Mrs. Schroeder admitted the holdup of a Butler, Pa., chain store. It was while fleeing from this holdup that Paul was shot.

Woman Guilty Mrs. Schroeder, found guilty of murder in the first degree with a recommendation for the death penalty by a jury of ten men and two women last night, spent today in her cell receiving visits from members of her family.

Her jailers said she was unperturbed and smilingly tried to comfort her aged father, Tom Crawford, a Benwood, West Virginia, fish peddler, when he went to see her. Crawford, they said, wept while his daughter laughed and told him not to worry.

Mrs. Schroeder's four-year old

## DESOTO SEES BIG YEAR AHEAD

DETROIT, March 22.—That another great year is ahead for De Soto was predicted today by L. G. Peed, general sales manager of the De Soto Motor corporation. Evidence of this is furnished by events marking the opening months of the year, both at the factory and in the field. The reaction which the sensational new straight eight has received in all parts of the country and the continued popularity of the famous six have combined to place De Soto in a favored position in the industry.

Trainload shipments continue to be a De Soto feature. Following the trainload shipments already made in January and February, orders for another trainload shipment were received the last week in February, to be filled early this month.

The indications are that retail deliveries of De Sotos for February exceeded the same month last year. Reports received at the factory show that the retail deliveries have proceeded to the point where the stocks of cars in dealers' hands are nearly one-third less than the same period last year, with a steady stream of orders coming to the factory for cars to replenish the supply.

Orders for trainload quantities of De Soto eights and sixes are coming from many points," Peed states.

These include thus far New York, Philadelphia, San Francisco, St. Louis, Seattle and Los Angeles, the last named city having two trainload orders to its credit.

"When these trainload quantities are added to the shipments made in the regular course of business, it will be seen that the success of De Soto in 1929 is being carried over this year. Our production record for January 1930 went well ahead of the same month last year, showing that the new straight eight is taking its place in public favor, on the same high level as the six, as a car of outstanding performance and quality at a low price."

A. R. Weisgerber, 1301 Macdonald avenue is the Richmond dealer for the De Soto six and eights.

## Stiff Choke Will Cause Gas Loss

If the choke mechanism is stiff enough to operate with difficulty, warns L. G. Evans, general service manager for the National Automobile club, it is wise to remember that this condition may prevent its being closed to the fullest extent, a condition which will result in too rich a carburetor mixture, with its attendant increase in carbon and fuel dilution.

son, Donnie, who first tipped off police that his mother had shot Paul by telling police investigators that "my mamma shot two cops like you" does not know that his mother is to die.

Today he played with toys in the yard of the detention home, next door to the jail. He has been detained there since his mother's capture by a posse in Phoenix, Ariz.

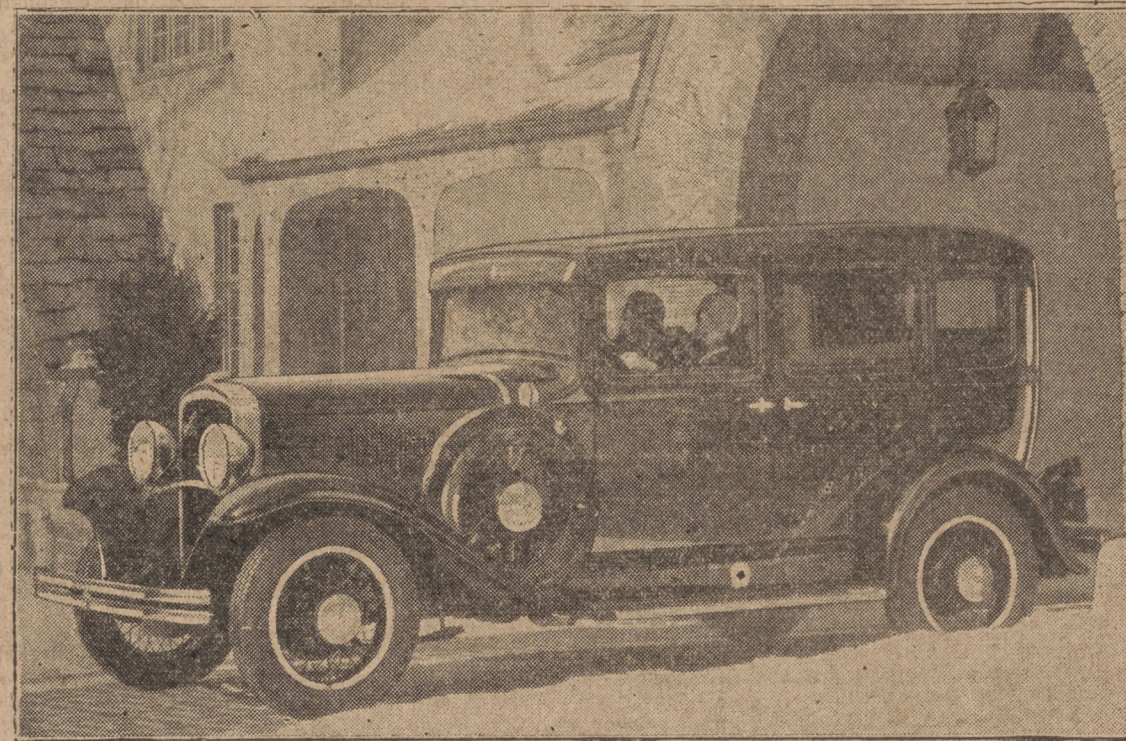

Sentence has not yet been pronounced. Judge R. L. Hildebrand will wait to hear the defense plea for a new trial before he passes sentence. It is not thought likely he will grant the plea, and since the jury recommended death in the electric chair, he has no choice between life imprisonment and death.

If Mrs. Schroeder pays with her life for Paul's murder, she will be the first woman ever electrocuted in Pennsylvania history and the first woman to receive the death penalty since 1881, nearly 50 years ago.

Since 1800 only eight women have been executed by the commonwealth. All of them were hanged. Others since have been convicted of first degree murder, but in each instance their sentences were life imprisonment, or their death sentences were commuted.

FRENCH TYPE roof and visor, air wing fenders, bowl-shaped headlamps and wide radiator shell are featured on the new model DeSoto Straight Eight which has been placed on display here.

## How To Check Low Speed Miss

If the engine misses at low speeds, there may be a leak in the intake manifold, points out the free emergency road service of the California State Automobile association. To detect, allow the engine to run at missing speed, and squirt oil around all intake pipe joints. If there is a leak the oil will either cause a change in motor noises or eliminate the missing.

BETHANY, Mo.—A suspected thief had helped the poor of Bethany to the extent of \$2.72. When he—or she—dodged into a hallway and dropped a sack it was found to contain seven chickens.

## Loose Rim Lugs Cause Rim Squeaks

Rim squeaks on your car are usually caused by loose rim lugs and can be remedied by applying a small quantity of graphite or oil to each lug bolt and tightening to capacity, according to the free emergency road service of the California State Automobile association.

## Carry Tire Chains During Wet Weather

With the advent of rainy weather it is advisable for motorists intending to venture into the mountain sections or off of the main traveled highway to carry chains for emergency use, warns the California State Automobile association.

## San Bruno Has New 20 Mile Sign

Establishment of a 20-mile speed limit zone on the main peninsula highway (U. S. 101) through San Bruno, San Mateo county, is reported by the California State Automobile association. At the request of officials of San Bruno, the automobile association road signing department has erected "20-mile limit" signs on El Camino Real in San Bruno.

LEEDS, Eng.—Justice Hawke, a well known heavyweight boxer in his university days, advised a pit boy found guilty of shooting at another youth to "hit him on the nose, if you want to fight anybody, fight with your hands."

## Chevrolet announces

## A NEW

## SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

**1** Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.

**2** Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.

**3** Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.

**4** Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.

**5** Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet

owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations! In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.

The new Chrysler-built De Soto Straight Eight bases its tremendous appeal to the public not on low price alone—but on the smartness, comfort and performance it gives so generously. Chrysler Motors engineers have endowed this new Eight with outstanding engineering features. They have given it marvelous speed, pick-up and smoothness—and to the fascination of flashing performance have added the satisfaction of long-lived reliability and true economy. Public preference is richly rewarding the fine qualities of the De Soto Straight Eight—indeed it is already enjoying as sensational a success as that registered by its famous companion car, the De Soto Six, the largest-selling first-year car in the history of the automobile industry.

## DIX MAKES HIT IN COMEDY HERE

The ability of talking pictures to bring the greatest plays of the stage to the screen for all the world to see and hear will be strikingly demonstrated at the Fox California theater, where Richard Dix's first Radio starring film, "Seven Keys to Baldpate," will have its first local showing today.

As the stage play produced on Broadway by George M. Cohan, this fast-moving melodramatic farce was deservedly popular. After playing in New York for an entire season, it went on the road for another year, playing in the major cities of the country.

And now Radio Pictures, through the miracle of the talking screen, presents "Seven Keys to Baldpate" in a manner that makes it even greater entertainment than the stage play. The embellishments of the camera, the splendid performances of the star and his supporting cast, the entire resources of a great film studio in Hollywood, all combine to make it one of the most diverting mystery farces ever shown at the Fox California theater.

Richard Dix is ideally suited for the role of Magee, the novelist, whose visit to the deserted Baldpate Inn brings about the gripping series of adventures. His voice, trained on the stage and in several talking pictures, is expertly recorded.

Two members of the cast appeared in Cohan's original New York stage production. They are Joseph Allen, who plays the mad hermit, and Carleton Macy, the old constable. Others who give excellent performances are Miriam Seegar, Margaret Livingston, Lucien Littlefield, DeWitt Jennings, Nella Walker, Edith Yorke and Crauford Kent.

**Mrs. G. Morotti Rites Yesterday**

High mass was said in memory of the late Mrs. G. Morotti of Italy, at St. John's church yesterday morning. Interment was in St. Joseph's cemetery, San Pablo.

Mrs. Morotti died at the home of relatives in El Cerrito two days after her arrival from Italy.

**Stage C. E. To Meet Tonight**

At the Christian Endeavor meeting at the Stage Presbyterian church tonight, a missionary topic, led by Mrs. Davidson will be discussed. All young people of the district are invited to attend.

Following the discussion, a twilight supper will be served.

**Furey Rites Here Tomorrow Morning**

Funeral services for Andrew C. Furey of Crockett, uncle of Mrs. L. G. Eby of Richmond, will be held from the Wilson and Kratzer parlors at 10 o'clock morning. Interment will be in Sunset View cemetery.

**LEGAL NOTICES**

**NOTICE OF GRANTEE'S SALE BY VIRTUE OF DEED OF TRUST**

WHEREAS, FRANCES B. SCRANTON of the City and County of San Francisco, State of California, did execute a certain deed of trust bearing date the 30th day of July, 1923 to L. M. PETERSON and E. A. BURG, of the City of Richmond, County of Contra Costa, State of California, which deed of trust was recorded in the Recorder's office of the County of Contra Costa on the 23rd day of January, 1924;

WHEREAS, default has been made by said Frances B. Scranton in the payment of the promissory note secured by said deed of trust and the beneficiary Burg Bros. a corporation, did on the 13th day of March, 1928, by resolution demand in writing that the said trustees L. M. Peterson and E. A. Burg should forthwith proceed to sell the lands the said deed of trust described;

NOW THEREFORE, pursuant to said resolution and in accordance with the terms and under the authority of said deed of trust, Notice of Breach and Election to Sell said property described in said deed of trust to satisfy obligations and to accomplish the objects of said deed of trust, was recorded in Vol. 112 of Official Records at page 482, Records of Contra Costa County, California;

AND NOW, THEREFORE, pursuant to said Notice of Breach and Election to Sell property under deed of trust and pursuant to said resolution of said beneficiary and in accordance with the terms and under the authority of said deed of trust, the said L. M. Peterson and E. A. Burg as such trustees, do hereby give notice that on MONDAY THE 31 DAY OF MARCH, 1930, at the hour of ten o'clock in the forenoon of said day on the steps of the courthouse in the town of Martinez, County of Contra Costa, State of California, said trustees will sell at public auction to the highest bidder for current lawful money of the United States of America all those certain pieces, parcels, tracts and lots of land situate, lying and being in the City of Richmond, County of Contra Costa, State of California, bounded and described as follows:

Being all of Lots Numbers Seven (7) and Eight (8) of Block Number Thirty-two (32) as said lots and said blocks are delineated and so designated on that certain map entitled "Nicholl Macdonald Avenue Civic Center, Richmond, California" filed in the office of the County Recorder of said County of Contra Costa, State of California, on the 29th day of October, A. D. 1922.

Dated this 31st day of March, 1930

## Lowe Stars In Comedy To Be Shown Here

Rounding out a brilliant cast chosen for the Pathe dialogue picture, "This Thing Called Love," featuring Edmund Lowe and Constance Bennett, Zasu Pitts, Carmelita Geraghty and Ruth Taylor, were selected for important roles.

Others in the cast of this film version of Edwin Burke's sensational play, which comes to the Fox-California theater tomorrow, are Roscoe Karns, John Roche, Stuart Erwin and Adale Watson.

On the same bill is a talking comedy, "Dancing Gobs" and a cartoon.

## Mrs. Willis Rites Set For Tuesday

Funeral services for Mrs. Laura Jane Willis, 239 Fifteenth street, have been set for 2:30 Tuesday afternoon from Curry's parlors. Interment will be in the Sunset View cemetery.

Mrs. Willis has resided in Richmond the last 29 years and died Friday night after a lingering illness.

## Williams Admits Concord Robbery

MARTINEZ, March 22.—Torrence Williams of Michigan, who was arrested by El Cerrito officers Thursday after a sensational automobile chase, last night confessed to robbing a Concord store of clothing valued at \$1500, according to police reports.

He also is alleged to have confessed to entering the office of W. H. Foster, Bay Point ship wrecker where he stole some blank checks, later cashing one of them in an Oakland store for \$50. Police say he signed Foster's name to the check.

Williams was accompanied to an Oakland hotel by Deputy Sheriff Steve Neilson, where most of the clothing was recovered.

He will be prosecuted on the burglary charge.

## Griffin Estate Left To Friend

The entire personal estate of the late Father P. M. Griffin has been left to a friend, Father Richard Collins of St. Joseph's Catholic church in San Francisco it was reported yesterday. According to the report, the will was contained in a sealed envelope addressed to Father Collins, and was opened when the San Francisco priest arrived at the St. Mark's parish house.

Funeral services for the late priest will be held at 10:30 Monday morning at the church where solemn requiem high mass will be said by Father Collins.

## 200 DEALERS ADDED BY NASH

KENOSHA, Wis., March 22.—National success of the famous Nash twin-ignition eight, twin ignition six and single six '400' cars for 1930, coupled with a dealer cooperation policy which is conceded to be the most constructive and profitable anywhere in the industry has brought more than 200 new dealer organizations into the Nash Motor company's merchandising corps since the new series cars were announced in October.

C. H. Bliss, sales manager and head of the gigantic establishment which supplies Nash products to the public, in announcing this remarkable expansion of the retail organization, declared today that 204 of these new Nash establishments are organizations which formerly handled competitive makes of cars and became interested in the Nash franchise because of the instant popularity won by the new quality cars and the fairness of Nash dealer policies.

It is gratifying to know of the interest in Nash merchandising and the appreciation of the benefits of fair dealing shown by dealers throughout the automobile industry," he said. "This unusual march of competitive dealers to work under the Nash standard indicates plainly that our endeavor to build extra quality cars, outstanding in their price class, and cars that can be handled profitably under fair and friendly conditions, has been successful to a marked degree."

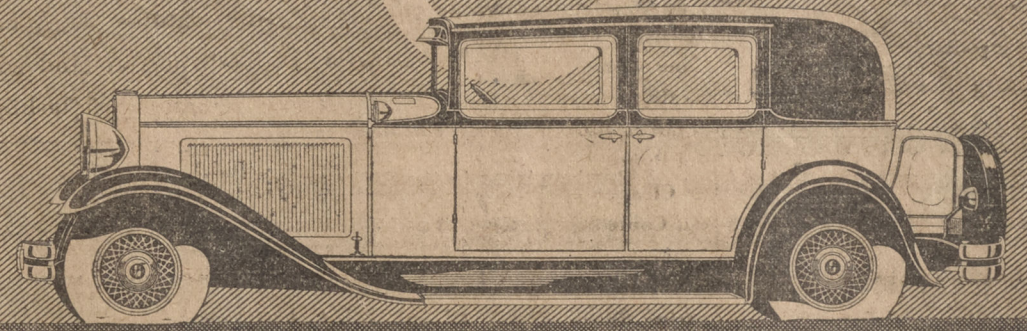

"Through the employment of sound business principles the members of the Nash selling organization have been and are now more than ever in a position to secure the share of business they are entitled to on a more profitable basis than is possible under any franchise in the industry. We consider this a most healthy business condition and one which is well worth the company's years of organization effort."

"Beginning with the first few days of generally fair weather which was recently enjoyed by most sections of the country, the sale of both new and used cars seems to have improved to a considerable extent in many parts of the United States. It looks now as though we are on the threshold of a period that will result in a good volume of business for the entire Nash organization as well as retailers in practically all lines of business. The results obtained by the great army of merchandisers, who deal direct with the American public, is going to depend largely upon the aggressiveness and the actual service rendered by individual organizations and the amount of intelligent, hard work put forth by every member of the selling forces."

Roy K. Dorr, Eleventh street and Bissell avenue is the Richmond dealer for the Nash car.

**NASH '400'**

**TWIN-IGNITION**

## LEADER OF LEADERS—THE EIGHT OF EIGHTS

THERE is only one Twin-Ignition-motored straight eight in the Nash price field. There is only one straight eight in the Nash field with a high compression, valve-in-head straight-eight motor. Only one with a 9-bearing integrally counterweighted hollow crank-pin crankshaft. Only one with aluminum alloy connecting rods and pistons. And only one with a cable-operated system of brakes.

Few have the convenience of Bijur Centralized

Chassis lubrication. The Nash Twin-Ignition Eight also offers you the priceless protection of Duplate non-shatterable plate glass at no extra cost, in all windows, doors and windshields of all models. It is simply impossible to duplicate Twin-Ignition Eight quality, value and attractiveness at the Twin-Ignition Eight price. Here is a masterpiece of motordom, a leader of leaders, the eight of eights. Drive it and you will know it instantly!

# MOTORS NINE IN TITLE TILT TODAY

The championship of the 1929 Oakland Winter Baseball league will be at stake today when the Thomas Motors, victors of the first round of the league, cross bats with the Oakland Eagles, tied with the Motors for the second round title. This critical contest will be played on the First street diamond at two o'clock.

Les Thomas' aggregation, if victorious over the invading Eagles, will be the first local nine to carry away the league cup. It seems pretty likely that the cup will be in the possession of the Motors for another year, judging by the past records of both teams contending for the title. The local athletes captured the championship of the first round of the league with comparative ease. The Richmond boys are all experienced veterans, many having seen action in professional leagues and others having played for local teams for many years. However, the Eagles have shown surprising talent in the last round of the Oakland Winter league, and will probably not be easy pickings for the local players today.

Doyle Taylor is scheduled to start chucking for the Motors today, while Gualdoni will perform the receiving operation for the local team. Viera of the Oakland P. S. E. A.'s and Sil Campana, a Thomas regular, will be ready to replace Taylor. If Taylor pitches a brand of baseball similar to that pitched by him against San Pablo a month ago, the visitors need have little hope of triumph in today's battle.

This afternoon's contest is the final game of the second round of the league. If the Motors win today, the league will be ended, the Oakland Eagles win a three game playoff will be necessary to bring the league to a conclusion.

## Santa Fe Five Wins Over S. P. Quintet Here

The final game of the local 1929-30 basketball season was played last night when the Richmond Santa Fe Apprentices defeated the Roseville Southern Pacific Apprentices 40 to 8 at the Richmond union high school gymnasium.

The local cagers had everything their own way in last night's contest with the athletes from Roseville. The Richmond boys displayed a surprising passwork that completely baffled the visitors. Time after time the Roseville guards were caught napping, allowing the local forwards to slip under the basket for perfect hole shots. However, the game was not quite as one sided as it might seem by the variation in the scores of both teams. There was plenty of rough and tumble playing during the last quarter that made the game more interesting than the majority of one sided contests.

The Santa Fe Apprentices who saw action last night were: S. Nelson, C. Bowen, forwards; J. Nelson, center; B. Bowen, B. Olson, guards; substitutes L. Ferguson, E. Rocha, forwards.

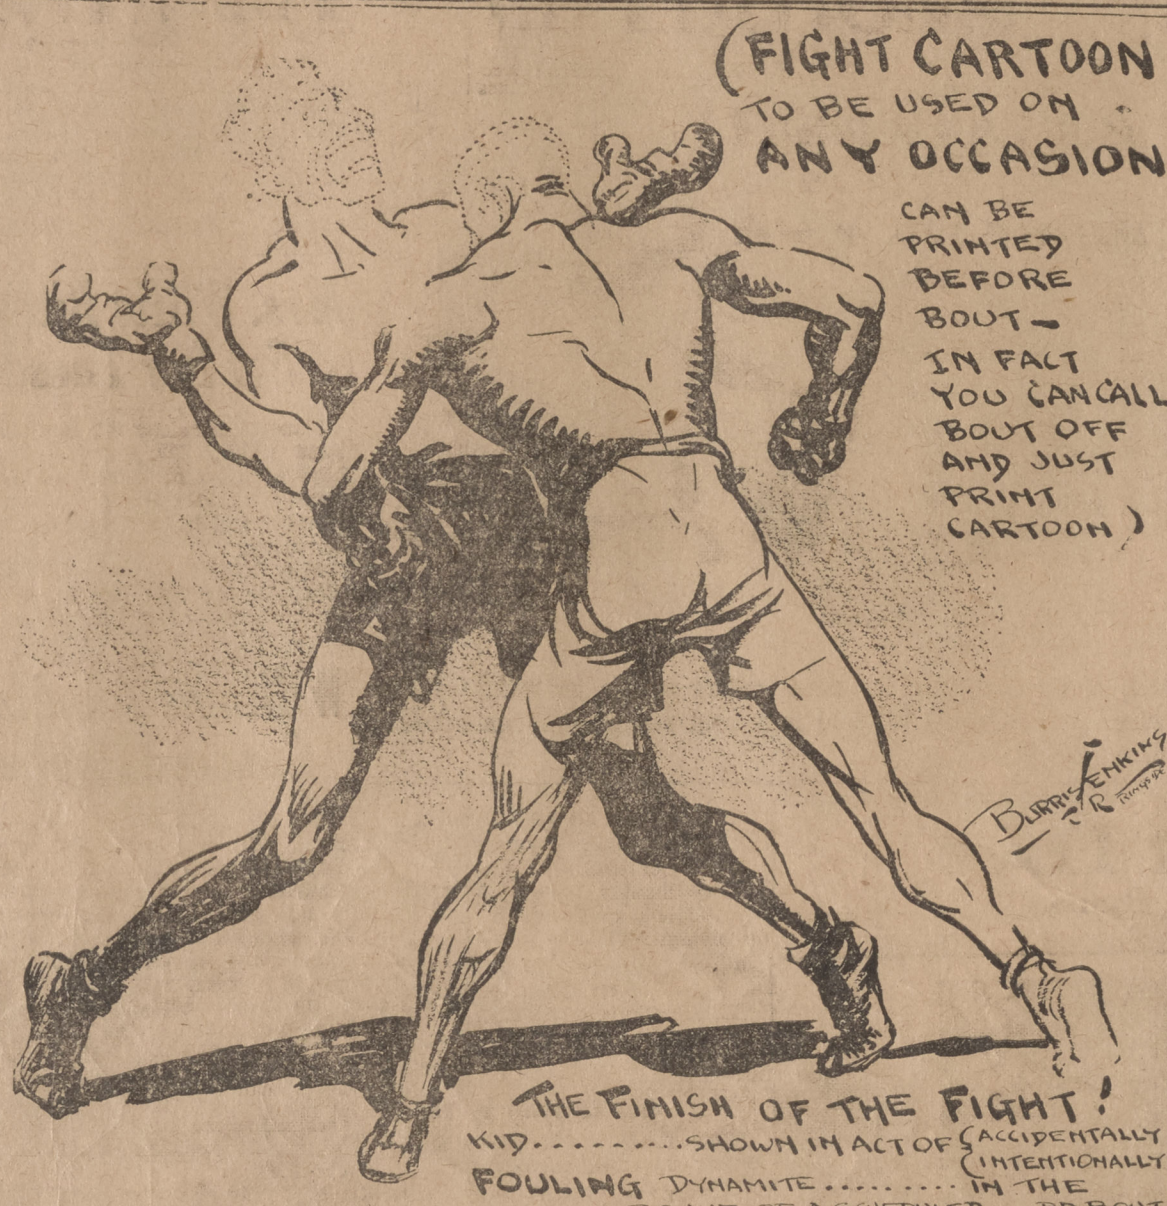

The visitors from Roseville were A. Paolini, J. Paolini, forwards; G. Huntington, center; Lee, McManus, guards substitute, O'Brien, guard.

## U. C. Trackmen Defeat Jaycees

BERKELEY, March 22.—UP.—California Jaycees ran roughshod over a picked team from Southern California junior colleges today, capturing first place in a majority of events.

The track was slow and time for the various events was not exceptional. The final score: California 75, Jaycees, 53.

## Corey's Nine To Play Gorgat Tires Today

The Corey Garage nine will clash with the Gorgat Tires of Oakland this afternoon at two o'clock on the El Cerrito diamond.

Brendel, Coach Matthew's new find, will start on the mound for the Corey Caragamen today. San Miguel, who seems to be the only boy who can receive Brendel's fast ones, will receive for the Corey's. This battery functioned for the first time last Sunday when the Corey squad defeated the Vacaville athletes 4 to 2. Brendel and San Miguel are appropriate successors of John Baileh and Rosano, who are now on the Richmond union high school squad.

The other players who will see action with the Corey team today are: Chambers, first base; Priddy, second; Oruka, short stop; Mulley, third; Ensign, left field; Kutt, center field; J. Pinto, right field; Goldsworthy, utility.

## Seawright Death Postpones Tennis Matches Today

The tennis matches scheduled to be held today between the Richmond Tennis club and Island City clubs have been postponed indefinitely because of the death of a member and psychologist, declared today.

Several matches in the Richmond ladder tennis tournament were held yesterday on the local city hall courts. A. S. Remell defeated Wally Kruger 6-4, 6-2, while Carl Petersen was victorious over Phil Carl by scores of 6-3, 3-6 and 6-1.

In the doubles, Jack Murdock and Phil Carl defeated A. S. Remell and Wally Kruger 4-6, 6-1 and 7-5.

## POLO STARS PLAY TODAY

LOS ANGELES, March 22.—UP.—The Argentinians will ride against the Midwicks again Sunday in continuation of the friendly feud between the two famous polo quartets.

Victorious in ten games played on the Pacific coast during the last few months, the South American horsemen were favorites to defeat the club riders. The Argentinians beat the Midwicks in the finals of the Pacific coast championships and the United States players have been anxious for a return match.

The teams will take the field apparently at full strength. Alfredo Harrington, who was out of the game for weeks with a severe back injury will ride at No. 1 for the Argentinians. He will be supported by Juan and Jose Reynal and Manuel Andradra.

The Midwick team will present Eric Peley, Elmer Boeske, Carlton Burke and Neil McCarthy. The work of Peley and Boeske will be watched with special interest as they are candidates for America's big four team.

The Midwick Country club has made arrangements to accommodate the largest crowd in the history of the Pacific coast polo. It is estimated that 20,000 persons will watch the contest.

## COURT NAMES MCCORMICK GUARDIANS

SANTA BARBARA, March 22.—UP.—Dr. William Ophuls, head of the Stanford University Medical college, and Dr. Langley Porter, head of the medical school of the University of California, today were appointed guardians of the person of Stanley McCormick, heir to \$50,000,000 of the McCormick Harvester fortune.

The appointments were announced by Judge William D. Dehy in Superior court. The two prominent physicians will serve on the board of guardians with Mrs. Katherine McCormick the multi-millionaire's wife, Harold F. McCormick, his brother, and Mrs. Anita McCormick Blaine, sister.

The action today resulted from a long court hearing conducted before Judge Dehy during the summer months.

Mrs. Katherine McCormick disagreed with the manner of treatment McCormick was undergoing at his Riven Rock estate under the supervision of Dr. E. J. Kempf, nesses during the court sessions.

## Melhorn Wins La Gorce Open Golf Tourney

MIAMI BEACH, Fla., March 22.—UP.—A veteran campaigner of the American links, "Wild Bill" Melhorn, of Pensacola, Fla., captured the rich Miami Beach La Gorce open tourney today, edging out Horton Smith, Cragston, N. Y., defending champion, in a sensational finish.

Melhorn finished the 72 holes medal play with a score of 285 against Smith's 286.

Tommy Armour, Detroit, proposed into third place behind Smith with a 290. Bobby Cruikshank, Purchase, N. Y., and Billie Burke, were tied for fourth with 291.

In a four way tie for sixth place were Johnny Golden, Paterson, N. J., Tony Maero, Elmswood, N. J., Whiffy Cox, Brooklyn, and Willie Klein, Miami, Beach at 292.

Tom Raklets, Cleveland and Ed Dudley, Wilmington, Del., were tied for tenth place with 293.

Jimmy West, of Atlanta and Miami, amateur, captured the \$1500 John Oliver La Gorce Simon Pave trophy, leading the amateur group with 311.

They had fought a slashing game against each other and at par all day, with matters square at the 3rd hole, a net daily gain of three strokes for Smith, who later went two up, only to slump back on even terms on the 16th of the 18.

Melhorn shot an eagle 3 on the 17th to regain the lead.

Going to the last hole Smith's drive landed behind a tree.

He broke his wood on the second shot, but drove into the gallery behind the green and pitched short, taking two putts for a five.

For a moment it looked as though the matter might go extra holes for Melhorn after a good drive looked his approach into a trap to the right of the green.

He pitched out nicely, however, three feet from the pin.

With victory in sight the "Vip" one took no chances, played the three foot putt safe to the lip of the cup, then sank it for a five, having the hole and winning the tournament.

employed at a high salary by Stanley's brother and sister.

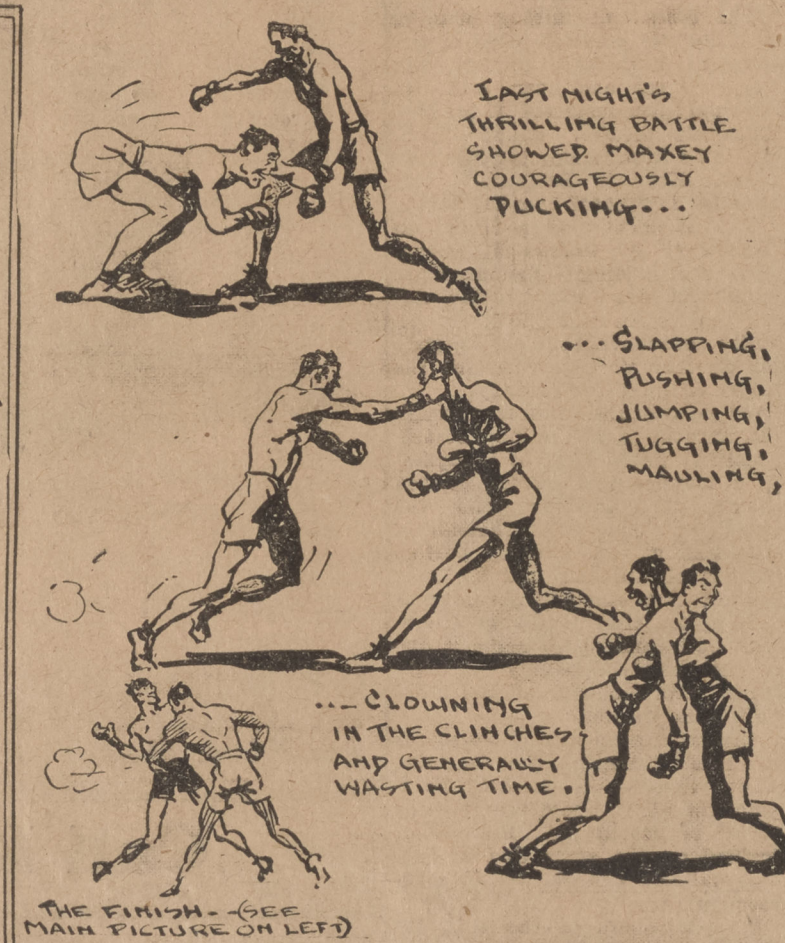

Judge Dehy did not give either side a victory in his decision at the end of the hearing, saying both sides evidently had the patient's welfare at heart.

He suggested, however, that two prominent men be added to the board and that a new system of treatment be agreed upon.

Dr. Kempf based his treatment upon psychoanalysis and certain Freudian theories.

Many intimate details of McCormick's erratic life during the last 20 years were told by witnesses during the court sessions.

## CAPONE WILL LEAVE FOR FLORIDA WINS CLAIMED BY WETS, DRYS IN HEARING

CHICAGO, Mar. 22.—(U.P.)—"Scarface" Al Capone worked overtime today whipping the loose ends of his beer business into shape so he could depart for the sunny shores of Florida Monday on schedule.

Back at his mahogany desk for the first time since last May when he started his last prison sentence in ten years of high pressure racketeering, Capone, more haggard and not so sleek, spent all day receiving reports from his lieutenants in the beer, business, refereeing gang disputes and attending to the thou and one things that came up in the life of a high caliber gang chief.

Capone started his first day of business early—early that is, for a gangster—getting into action about 11 a. m., by descending into the lobby of the Lexington Hotel, where he rents a suite of 12 rooms by the year.

Meeting Held  
There he found his sub-chiefs already on hand and the first "conference" started in the lobby with several body guards posted at strategic places to warn of police or gangster interference.

Capone was his usual sartorial self, shaved into the scar which gave him his nickname gleamed white against a blue-black background of closely barbered whiskers.

The "conference" adjourned to Capone's suite, which occupies one entire side of the hotel.

Many Guards  
To reach his luxurious office, the visitor must pass through 11 rooms, each of which contains two or more "pistol secretaries," whose glances are keen and memories long.

Back in the office, Al pulled his chair with an armored back up to the mahogany desk and began transacting business.

About the time John Nitti, a lieutenant, was sitting down at Capone's right hand under paintings of George Washington and Mayor Thompson, indications were returned at the federal building, charging Nitti with attempting to evade payment of \$277,940.61 in income taxes.

The government charged Nitti, who is called the "razz" executioner, because he dispenses swift, sure and violent punishment to erring hoodlums, received \$742,837.81 income in the years 1925, 1926 and 1927, the three bumper years of racketeering.

Capone seemed little perturbed by reports from Florida that the governor had forbidden him to occupy his Palm Island mansion and even less disturbed by Deputy Commissioner Stege's ultimatum to "get out and stay out or you'll be pinched every time the squads see you."

## DON DELAYS SPEED TESTS

DAYTONA BEACH, Fla., Mar. 22.—(U.P.)—Kaye Don today gave up any hope of trying to set a new automobile speed record before Monday. It seemed even more probable that it would be Tuesday or Wednesday before the beach would be in shape for him.

Today's inspection by the committee named to pass upon beach condition revealed little change from yesterday when the sandy shore was still rough and soft.

## Local Eleven In Semi-Final Tilt With Hayward

The Oakland Trotting park will be the scene of the semi-finals of the Junior Eastbay Soccer league today, when the Richmond soccer club clashes with the Hayward outfit. The contest will be played at 1 o'clock. Another semi-final battle will be fought at 2:15 o'clock between the Ibericos and the Phoenix club on the same field.

Richmond's soccer athletes will not have an easy contest to play today. The local team possess a lower league standing than Hayward when the regular league schedule ended. The Haywardites are mostly experienced players, and are hard boys to handle because of their sensational passing attack. Richmond must give an especially fine showing today if it expects to enter the finals of the junior soccer league.

At a recent meeting of the Richmond Soccer club, Robinson, league soccer referee, instructed the club members on technical plays. The local athletes will therefore have some new stunts to spring in today's important game.

The members of the Richmond teams will meet at Longfellow Junior high school at 11 o'clock this morning for the trip to Oakland.

## Many Cities Compete For Airship Site

SACRAMENTO, Mar. 22.—(U.P.)—Great dirigibles floating in from the Pacific ocean and settling to earth at

Fill in the blank and you will have solved a puzzle that is worrying more than one California chamber of commerce.

Within two years these dirigibles will be coming in from the Pacific bringing freight and passengers from the Hawaiian Islands, but their port of destination is still a mystery.

Jacobs Mum

R. V. Jacobs, aeronautical expert of the Goodyear Tire and Rubber company, which is to establish the line, today concluded his examination of the Sacramento area as a possible base for these Zeppelins that will span the Pacific.

He was non-committal when he left, except to say that the region surrounding Mather Field, east of Sacramento, had "impressed" him. Accompanied by local chamber of commerce officials he made a careful survey of this region, as he is doing of all prospective bases on the coast.

It is a highly competitive game that various California cities are

## SAN PABLO NINE DEFEATS LOCAL TEAM

The San Pablo Merchants handed a 9 to 2 defeat to the McRacken nine yesterday on the First street diamond.

The playing of the San Pablo Merchants was far superior to that of the McRacken outfit yesterday. The San Pablo Merchants started off with a fast pace in the first inning, garnering three runs in that period. They maintained the same sensational pace during the remainder of the game. A rally in the sixth canto gathered in McRacken's only counters.

DeCortez pitched a neat game for the San Pabloans. Tinker and Thorn twirled a fair brand of baseball for the losers.

The boys who played with the San Pablo aggregation were: DeCortez, pitcher; Ramos, catcher; Collins, first base; Santella, second; McDonald, third; Moitoza, short stop; Shinnick left field; Glover, center field; Brady, right field.

## Liners Periled By Pier Fire

HOBOKEN, N. J., Mar. 22.—(U.P.)—A spectacular fire threatened several ocean liners at the Hoboken piers tonight but was brought under control after the entire fire fighting force, a sisted by fire boats and tugs from New York had battled the flames for an hour.

playing, in an endeavor to get the dirigible base for their locality.

No Decision

Jacobs indicated that no decision would be made until the navy department had settled on their choice for a dirigible base. Being considered for this are Sacramento, Sunnyvale and San Diego.

The two projects have no connection, Jacobs said, but engineers for both the navy department and the Goodyear company will confer on results of their surveys.

As Jacobs described the future of aviation on the Pacific coast it seemed vague and unreal to the listeners. But he assured them that within a few years it will be commonplace to see a huge Zeppelin making port at California from Hawaii, and later from the Philippines, as it is now to watch an airplane circling overhead.

## Not an Appliance - it's Built Right in the Shoe!

You would never know it's there from the outward appearance of the shoe, but you certainly do realize its presence when you get relief from tired, aching feet. This soft, pliable leather arch support insole is moulded to the exact shape of the foot and is so scientifically BUILT IN the Musebeck Double Arch-Wear Straight Shoe that there isn't the slightest trace of pressure against the sensitive part of the arch.

# The GREEN GODDESS

by LOUISE JORDAN MILN

Copyright, 1932, by Frederick A. Stokes Company

"The Green Goddess" starring George Arliss, is a Warner Bros. Vitaphone picturization of this novel.

## SYNOPSIS

An English airplane is forced down in the Himalayas by East Tiberian and his two passengers, his friend Major Anthony Crespin and his wife Lucilla (whom Tiberian loves) estranged by his dissipation, are held prisoners by the Raja of Kutch. They are to be sacrificed to the Hindu gods on the day the Indian authorities execute for a political murder the Raja's three half brothers. They bribe the Raja's English valet to send a valet's appeal for rescue. The valet deceives them and is killed. Tiberian sends the message and is killed by the Raja in the temple of the goddess. Lucilla is given a last opportunity to save herself by entering the Raja's harem. She offers to accept if he will free Tiberian.

CHAPTER XXXIII—Continued  
In her desperation the woman had rushed up the steps of the throne. Now in her exhaustion she sank down on one end of the actual throne itself—shaking it, crashed and abjectly with him—the broken suppliant of an absolute king.

"Let him go," she pleaded, when she could speak, "let him go, send him back to India unharmed, and—let shall be as you wish."

CHAPTER XXXIV—Continued

## W. SEAWRIGHT DIES FROM INJURIES

(Continued From Page 1)

Seawright was employed by the Bakersfield and Berkeley schools. He served in France during the war. He has been active with the Richmond Kiwanis club.

**Leaves Widow**  
He leaves a wife, Florence; a daughter, Sylvia and a son Donald. His father, William Seawright, has been residing here with his family. He leaves a brother, Edward Seawright, of Danville, Ill.

Seawright was a native of Indiana and had lived in California 31 years.  
Funeral services are pending at the Wilson and Krater chapels. Seawright, according to police reports, was struck by a machine being driven by Mrs. Fritzler near the Pullman school house Friday afternoon. Seawright had just left the school and was preparing to enter his car when the accident occurred.

**Wilson Starts Probe**  
He was moved to the Abbott Emergency hospital for first aid treatment and was then removed to the Cottage hospital.  
Yesterday afternoon his condition became critical and an emergency operation was performed.  
Coroner Aubrey Wilson is investigating the accident and will hold an inquest within the next few days.

Death is believed to have been caused by a broken pelvis, a ruptured bladder, broken ribs and internal injuries.

## Suit Against Magazine To Open Monday

FORT WORTH, Tex., March 22.—UP—Descendants of Sam Houston, hero of the Lone Star republic that became the state of Texas, will go into court here next week to defend the name of that illustrious pioneer and of his son, Temple Houston, the first child born in the governor's mansion of Texas.

In the modern atmosphere of the United States district court room here litigants will re-live the career of Temple Houston, said to have been the victim of the modern biographical era.

Trials are scheduled to open Monday of the suits brought by the widow of Temple Houston and his four children, who allege that an article in the Liberty magazine defamed his character. The plaintiffs have sued for \$600,000 damages and the case, because it involves one of Texas' immortals, has attracted wide attention.

The suits are based on one paragraph in an article written by Don C. Seitz on the life of Sam Houston and published in Liberty in the issue of June 9, 1928. The suit charges that this paragraph read:

"Following this disagreeable episode a fight at Washington between Sam Houston and an Ohio congressman in 1832) his social position further impaired. Houston went back to the Cherokees. Here his life was that of the people, though perhaps less creditable. He drank more than was good for him and took an Indian wife by the simple processes of aboriginal matrimony. The result was a wild one—Temple Houston became a dangerous citizen of Oklahoma."

Three "false, untrue, malicious, libelous and slanderous" allegations are made in the paragraph, according to the suits.

That Temple Houston was the offspring of an aboriginal marriage is specifically denied with the statement that "the truth being that the parents of Temple Houston were lawfully and duly married according to law."

The second denial is that the mother of Houston was an Indian woman or squaw, the plaintiffs stating "the truth being that the mother of Temple Houston was a white woman without a drop of Indian blood in her veins, Miss Margaret H. Lee of Alabama, daughter of an old and proud southern family."

## DOHENY FREE OF BRIBE CHARGE

(Continued From Page 1)

**Verdict Landed**  
Mrs. Doheny said: "Once again my prayers have been answered and my faith has been justified."

Frank J. Hogan, defense chief of counsel said: "The verdict represents something more than the acquittal of Mr. Doheny. It represents a vindication of the most priceless constitutional rights still left to the American people and that is the right to trial by jury. Trial by jury is at once the hope of all wrongfully accused citizens and despair of persecuting politicians. I am gratified."

**Walsh Talks**  
Senator Walsh, Democrat, Montana, who conducted the Teapot Dome investigation, which began the oil trials, said he did not believe the verdict would affect the judgment and sentence against Fall convicted on a similar charge.

Senator Norris, Republican, Nebraska, said: "That is another bit of proof that you cannot put \$100,000,000 in jail. If money goes to jail it will not be a felony but by contempt of court, of the Senate, jury shadowing or something like that."

"It was fairly apparent from the first the verdict would be for acquittal."

### Jury Seated

The spectacle of the aged Doheny in the court room with a devoted wife sharing the sorrow of the tragic death of an only son apparently had some effect, for one juror said after the verdict: "He simply couldn't do a thing like that."

"It was just like my loaning a buddy two bits," said another. Justice Hitz in his charge cautioned against prejudice against wealth or sympathy for old age.

"There must be one justice for rich and poor," he said.

The specific charge against Doheny was that he paid \$100,000 to Fall as a bribe to get a lease on 32,000 acres of land in the Elk Hills naval reserve of California. In 1924 a court in equity cancelled the leases on the ground they had been obtained through fraud and corruption. Doheny was not connected with the Teapot Dome leases which went to Harry F. Sinclair, although they, too, were handled by Fall during his term as secretary of the interior and both cases figured concurrently in the Senate Teapot Dome inquiry.

## Skit Presented At Junior High

A short skit entitled "Table Manners" was presented before the Longfellow Junior high school girls' association recently. The skit was produced under the direction of Klyde Whitely of the school faculty.

A novelty chorus also presented a program before the girls of the school. The program was held under the direction of Marian Silva, social chairman of the organization.

The cast of "Table Manners" included: Anita Stokes, Helena Sonke, Mary Rogocci, Norma Chapman, Violet Reese, Muriel Camp, Dorothy Wiltz, Ivy Kincaid, and Margaret Bera.

The novelty chorus included: Melva Williams, Beulah McCoy, Marjorie Vestal, Mary Ellen Foley, Eugenia Pinoli, and Ruth Horton. The chorus was accompanied by Leone Orr.

## Christian Science Lesson Subject

"Matter" is the subject of the Lesson-Sermon today in all churches of Christ, Scientist, branches of the Mother Church, the First Church of Christ Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon include the following from the Bible: "As is the earthy, such are they also that are earthy; and as is the heavenly, such are they also that are heavenly. And as we have borne the image of the earthy, we shall also bear the image of the heavenly. Now this I say, brethren, that flesh and blood cannot inherit the kingdom of God; neither doth corruption inherit incorruption."—1 Cor. 15:48-50.

The Lesson-Sermon also includes the following from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is easier for a camel to go through the eye of a needle than for sinful beliefs to enter the kingdom of heaven, eternal harmony. Through repentance, spiritual baptism, and regeneration, mortals put off their material beliefs and false individuality"—p. 241.

## Fixed Social Standards Gone, Savant Declares

LOS ANGELES, March 22.—(U.P.)—The day of unthinking obedience is a thing of the past to the twentieth century girl and there are no fixed social standards, Dr. Regina Westcott, University lecturer, said. Much of the trivial activities at the annual conference of the Los Angeles girls' council.

"There are no final authorities as there used to be—and every authority is questioned," she said. "There are no settled religious or philosophies."

"There is even no absolute wrong or right to guide the girl of today. Even truth moves on. What we proved yesterday is made insignificant by the great discoveries of today."

Discussing the question of whether the modern girl can combine the two vocations of making a home for husband and children and keeping a job, Dr. Westcott said that she had done so.

"The young mother must not lose her relationship with the dynamic social life," she said. "Much of the trivial activities of the home-making of the past may be replaced with real social thinking and vocational effort on the part of home-makers."

RAVENSBRURY, Eng.—While the watch dog at the local high school enjoyed a peaceful sleep, Bubbles, the school cat, made sufficient noise to frighten away a burglar.

## Girl's Physiology Club Visits Ward At San Quentin

An inspection of the women's ward in San Quentin prison was made yesterday by 24 members of the Physiology club of Richmond Union high school. The trip was made under the supervision of Mrs. Marion Poage, Mrs. Allen Bronson, and Mrs. Preston.

The members of the Physiology class who made the trip yesterday were: Helen Silva, Thelma Fray, Evelyn Carlson, Alice Mae Wens, Gertrude Parker, Frances Plantani-da, Shirley Burns, Ellen Kamb, Marina Grignaschi, Katherine Barick, Elizabeth Taylor, Berna Spagnoli, Luvon Hammond, Helen Cunningham, Josephine Ramsey, Anita Terry, Helen Pierce, Irene Swearing, and Alene Hucks.

## Organized Women Hold Food Sale

A successful food sale was held yesterday afternoon at Sixth street and Macdonald avenue.

Mrs. Nellie Anoleto, assisted by Mrs. Bernice McCormick was in charge of the food sale and Mrs. Grace Craig and Mrs. Mabel Phillips were in charge of the candy sale.

Mrs. W. F. Downing, president of the society, yesterday thanked the public for its aid in making the sale a complete success.

A business meeting will be held by the society Thursday afternoon at the church parlors.

## Milo Abercrombie Married Again

RENO, Mar. 22.—UP—Mrs. Milo Magdalene Abercrombie, San Francisco society beauty, today embarked again on what has been for her a tumultuous matrimonial sea.

Mrs. Abercrombie was married here in a justice court to Pedro J. de Flores, reputedly a member of a wealthy Peruvian family.

It was Mrs. Abercrombie's third wedding after unsuccessful alliances with Baron Wilhelm von Brinken, former attache from the German army stationed at San Francisco, and Lieutenant Commander Lyman K. Svenson of the United States navy.

Mrs. Abercrombie, once acclaimed as "the most beautiful woman in California," created a sensation several months ago when she vanished despite a court order, with two children of whose custody she was to be deprived.

No plans were announced for a honeymoon. There was a report that de Flores might take his bride back to Lima, Peru, his home.

## F. C. Spierch Rites Tuesday

Funeral services for Fred C. Spierch, who died in the Welmar sanitarium Friday night, have been set for Tuesday at 10 a. m. from the Curry's parlors. Interment will be in Sunset View cemetery.

## ELLIS SLOUGH DREDGING PROJECT TO START SOON

(Continued from Page 1)  
distance of 2100 feet from the present inner harbor basin, then 200 feet wide for 900 feet in front of the soap company's property and then will widen to 600 feet for a distance of 1000 feet to form a turning basin at Canal street. The channel will have a depth of 31 feet.

**Cost \$300,000**  
More than 1,500,000 cubic yards of mud will be dredged from the channel and dumped upon adjacent property to bring it up to a grade of eight feet above water. It is estimated that 1,450,000 cubic yards of material will be needed to make the fill. Several hundred acres of industrial lands will be reclaimed through the project.

The estimated cost of the dredging, fillings, and bulkheading is \$300,000. The money is to be raised by the property owners.

Those interested in the project are the Santa Fe Land company; San Francisco Bridge company; Duncanson and Harrelson; Richmond Navigation and Improvement company; Richmond Investment company; Enterprise Foundry company and A. Banzoff.

be in Sunset View cemetery.

Spierch had been a patient at the sanitarium for some time before the end came Friday night.

## Catholic Orders To Attend Griffin Rites Tomorrow

Funeral services for Father P. M. Griffin, Monday morning will be attended in a body by the Catholic Ladies Aid society and the Women's Catholic order of Foresters. The two groups will meet in front of the parish house prior to the funeral and form a unit to attend the rites, under the direction of the two presidents. Mrs. Margaret Gordon is president of the W. C. O. F. and Mrs. Rose Mallanin is president of the aid.

## Chinaman Wants No Mistakes In Burial

SAN JOSE, March 22.—UP—Chin Teung, 87 year old Chinese, wanted no mistake made in the transfer of his body from California to China.

Teung was buried today and identification in a sealed glass bottle was buried with him.

Before death Teung had arranged the identification, explaining that his family would transfer the body to China and that the identification buried with him was to avoid mistakes.

# OUR NEWEST INDUSTRY

Concrete evidence of our advancing prosperity may be seen on the waterfront of the inner harbor where the Filice and Perrelli cannery is rapidly taking shape.

This big cannery, one of the most important in the canning industry in California, will be completed and ready for operation by May 1, according to present plans. At that time at least 700 new names will be added to the pay rolls of Richmond, and 700 new Richmond families will begin to receive a steady wage. The money therefrom will flow largely into the coffers of Richmond merchants.

This is a definite example of what is meant by the industrial program of the Chamber of Commerce. Every new industry brings money into Richmond which was not here before, and the benefits are enjoyed by all.

It is questionable whether the Filice and Perrelli cannery would have come to Richmond without the work of the Chamber of Commerce. Behind every community development lies community cooperation and hard work. In the case of Filice and Perrelli, as in the case of other new industries, every possible inducement was offered and every effort was put forth to assist them in solving their problems. The result was that Richmond is to be the head office of the company, all their goods from Richmond, San Jose and Gilroy are to be shipped over the Parr-Richmond Terminal, and the executives of the company will make their homes here. This is a Chamber of Commerce achievement.
